## Our Mission

- The Honor Flight Network is a nation-wide group of non-profit organizations called hubs, created solely to honor America's veterans for all their sacrifices. We transport our heroes to Washington, D.C., to visit and reflect at **their** memorials. Top priority is given to the senior veterans; World War II survivors, along with those veterans who may be terminally ill regardless of the campaign in which they served.
- Of all the wars in recent memory, it was World War II that truly threatened our very existence as both a nation and as a culturally diverse free society. According to the Department of Veterans Affairs, an estimated 555 WWII veterans die each day. Our time to express our thanks to these brave men is running out.
- Honor Flight Maine was established in March 2014 and joined the national network May 1, 2014. We accept WWII, Korean War and Vietnam War veterans as well as any terminally ill veteran. Our goal is to get **all Maine Veterans** of these wars to see their memorials in Washington, D.C. at **NO COST** to the veteran.
